History In April

History: In the initial Roman calendar April was the second month of the year until January and February were added in 700 BC. It is thought that the name April comes from the Latin word "to open" and describes the trees opening at springtime. It could also be that the name comes from the Greek goddess Aphrodite.

April 7, 1948 - The United Nations Health Day - Every April 7th is the UN Health day it attempts to make sure all humans have the medical care they need and to educate them about preventive measures in keeping everyone healthy.

April 12, 1861 - The Civil war began. It started when a Confederate artillery unit fired at the Union held Fort Sumter.

April 14, 1865 - President Lincoln was shot in Ford's Theater in Washington. He was shot by an actor, John Wilkes Booth who thought he was doing the south a favor by killing president Lincoln.

April 15, 1912 - The unsinkable luxury ship did the impossible. It sank after hitting an iceberg about 400 miles off the coast from Newfoundland. The ship was on its maiden voyage with 2,228 passengers and crew members on board of those. More than half of them died.

April 23, 1616 - William Shakespeare was born. He is known his written works like Romeo and Juliet, Macbeth, and Taming of the Shrew.

April 22, 1970 - The purpose of Earth day is to raise awareness and an appreciation for the Earth and all its natural resources.

April 24, 1800 - The US Congress established the Library of Congress.
